Imeth Dewina

Computer Science Undergraduate

I'm a motivated, detail-oriented computer science student with an interest in web/software development and DevOps/cloud computing. Eager to contribute to innovative projects and grow in a dynamic and challenging environment.

TECHNICAL SKILLS

Programming: Python, Java, JavaScript,TypeScript

Frameworks & Libraries: Node.js, Express, React, and React native

Cloud & Devops: AWS, GCP (Firebase)

Databases: MySQL, MongoDB, FireStore

Version Control : Git, GitHub

Operating Systems: Linux(Ubuntu, Kali)

Tools: Jira, Postman, Adobe Photoshop, VS code

SOFT SKIILS

- **Critical Thinking**
- **TeamWork**
- **Kind & Empathetic**
- **Problem Solving**

EXTRACURRICULAR

- **Played for IIT Cricket**
- **Volunteered for IET summer School**
- **Attended for technical workshops**

LANGUAGES

- **Sinhala (Native)**
- **English (intermediate)**
- **Tamil (Basic)**

Education

BSc (Hons) Computer Science **(2024-Current)**
University of Westminster
Informatics institute of technology

Year-1 (Completed modules)

- computer system fundamentals
- Mathematics for Computing
- Software Development (Python)
- Software Development 2 (Java)
- Trends in Computer Science
- Web Design and Development

Year -2 (Completing modules)

- Database Systems
- Object-Oriented Programming
- Software Development Group Project
- Server-Side Web Development
- Data Structures and Algorithms
- Client-server architecture

G.C.E. Advanced A/L (2022)
Gampaha Bandaranayaka college

Did G.C.E. Advanced Level studies in the mathematics stream, focusing on subjects such as combined mathematics, physics, and chemistry.

Projects

NaviKid-Software Development Group Project
2025 - Present
Implemented a solution for one of the major challenges faced by parents and transport organizations today–ensuring the safety and punctuality of children during school commutes. A software model called "NaviKid" is introduced.

technologies

- Front-end: HTML, CSS, JavaScript, React.js, React Native
- Back-end: Node.js (Express.js)
- Databases: Firestore
- API: Google Maps API
- Tools: Git, Jira

Back-end Node - Web project
2025 October
Built a mock Node.js backend and static frontend for testing API workflows.

technologies

- Back-end: Node.js (Express.js)
- Front-end: HTML, CSS, JavaScript
- API: Mock API
- Tools: Git

Java-QuizGame -Desktop project
2025 October
Built a Java-based desktop application quiz game; users can add multi questions within different categories and grading systems by integrating with MySQL database.

technologies

- Programming Language: Java
- Library: Java Swing
- Models: MVC
- DataBase: MySQL
- Tools: Git, MySQL Workbench

Certificates & Professional Cources

- Cisco IT Essentials certificate
- AWS Cloud practitioner
- Node.js complete developer by andrewMead
- React Native–The Practical Guide
- React–The Complete Guide (incl. Next.js, Redux)
